## Our Small One

# FILIUS

Somewhat smaller but of equal quality to our Schattello. Its lightness has several advantages for outdoor commercial usage, such as restaurants, bars and exhibitors. The FILIUS is also a premium product for private patios and decs.

## Opening/Closing

Standard version with rope pull **(FS)**.

Special equipment with crank drive **(FK)**.

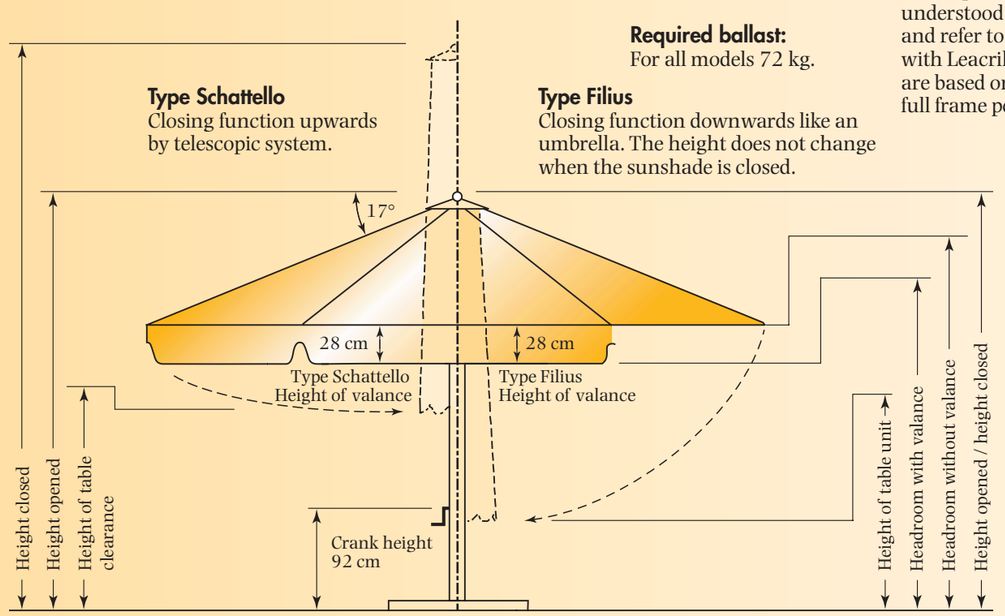
| Packaging cardboard tube | | Ø 25 cm, length 307 cm, weight 7.5 kg | | | | | | |

**Recommended base,**
e.g. Ø 4 m:
50 x 50 cm, depth frost resistant.

**Required ballast:**
For all models 72 kg.

**Note:**
Intermediate sizes as well as special sizes on request. Above particulars are to be understood as approximate and refer to framework fitted with Leacril covering. Heights are based on sunshades with full frame pedestals.

**Type Schattello**
Closing function upwards by telescopic system.


**Type Filius**
Closing function downwards like an umbrella. The height does not change when the sunshade is closed.
